OBJECTIVE

Aspiring Java Developer with good knowledge of Core Java, MySQL, and databases. Looking for an entry-level job where I can learn, grow, and contribute to real-world software projects in a team environment.

QUALIFICATION

Bachelor of Engineering - Computer Science   2022-2025
Dhanalakshmi Srinivasan Engineering College – Perambalur
CGPA: 8.2

PROJECT

1. Library Management System | Java, JDBC, MySQL

•Developed a console-based Library Management System to manage book records efficiently using Java.
•Integrated MySQL with JDBC to perform secure and optimized CRUD operations.
• Implemented OOP principles for modular design, scalability, and maintainable code structure.
• Enhanced functionality and optimized database queries to simulate real-world backend operations.

2.Online Food Ordering & Delivery Management System | Java, JDBC, MySQL, Hibernate

• Developed user authentication, restaurant listing, menu browsing, and order placement modules with efficient backend integration.
• Designed and optimized MySQL database schema, implementing CRUD operations using JDBC/Hibernate for smooth data handling.
• Applied OOP principles, layered architecture, validation, and exception handling to ensure a reliable and scalable system.

CERTIFICATION

- AWS Academy Graduate - AWS Academy Cloud Architecting(AWS ACADEMY)
- Advanced Java Programming– Anudip Foundation - (Ongoing)

SKILLS

- Technical : Java, MySQL, JDBC, Hibernate, Spring Boot, Html, CSS
- Tools: Eclipse, GitHub
- Professional : Problem Solving, Team Work, Leadership

LANGUAGES

- Tamil
- Hindi
- English

DECLARATION

I hereby declare that the details and information given above are complete and true to the best of my knowledge
